The above national authorities are the principal external reporting channels you can use should you wish to report a concern externally.

At RHI Magnesita we take every concern seriously and we are fully committed to investigate every reported concern in a confidential and professional manner, with appropriate safeguards for the person making the report. Therefore, we encourage you to consider using the internal reporting mechanisms for a fast and effective way to internally investigate your concern.

For more information, please visit [RHI Magnesita Compliance Helpline](#)
